ISSN 0007-1250

Index to Volume 179

Compiled by Linda English

PART I — SUBJECTS	3–16
PART II — CONTRIBUTORS	16–23
PART III — BOOK REVIEWS	23

Abbreviations: C, correspondence; suppl., supplement

PART I. SUBJECTS

- Adjustment disorders**
Fault line in the psychiatric glossary. Patricia Casey *et al* (Editorial) 479–481
- Adolescence**
Genetic moderation of environmental risk for depression and anxiety in girls. Judy Silberg *et al* 116–121
Maudsley long-term follow-up of child and adolescent depression 1 & 2. Eric Fombonne *et al* 210–217, 218–223
Self-reported problems as predictors of psychopathology in adulthood. Marijke B. Hofstra *et al* 203–209
- Adult intimate-love relationships**
Child sexual abuse, poor parental care and adult depression. Jonathan Hill *et al* 104–109
- Affective disorders**
In people with mild learning disability. Marcus Richards *et al* 523–527
see also Bipolar affective disorder; Cotyhmia; Mania; Seasonal affective disorder
- African-Caribbeans**
Mental health of migrant elders. G. Livingston *et al* 361–366
Very-late-onset schizophrenia-like psychosis in African- and Caribbean-born elders. Suzanne J. Reeves *et al* 172–174
- Aggression**
In patients with schizophrenia is associated with catechol-O-methyltransferase genotype. G. Jones *et al* 351–355
- The Air-Loom**
Chosen by Robert Howard (*Psychiatry in pictures*) A10
- Akathisia**
Serotonin-based pharmacotherapy for acute neuroleptic-induced akathisia. Michael Poyurovsky and Abraham Weizman (Editorial) 4–8
- Alcohol misuse**
Genetic risk factors and variation in European suicide rates. Andrej Marušić and Anne Farmer (Editorial) 194–196
Improper use of asylums for the insane. Henry Rollin (*One hundred years ago*) 272
Substance dependence and psychiatric comorbidity. Michael Farrell *et al* 432–437
- Alzheimer's disease**
Advising relatives of risk. B. A. Blansjaar and H. W. van Schaick (C) 73. M. Liddell *et al* (Authors' reply) (C) 73–74
NICE guidelines and treatment. R. Stewart (C) 367
Treatment in people with learning disabilities: NICE guidance. P. Arshad *et al* (C) 74
- Analyses**
Antidepressant selection and economic outcome. William H. Crown (suppl. 42) s18–s22
Childhood sexual abuse and development of psychiatric disorders. Cynthia M. Bulik *et al* 444–449
Comorbidity of ADHD-related behaviours and conduct problems. Anita Thapar *et al* 224–229
Hospital Anxiety and Depression (HAD) scale: psychometric properties in a large population. Arnstein Mykletun *et al* 540–544
Light therapy for seasonal affective disorder: a type II error. A. K. Jainar *et al* (C) 270
Prognosis of depression and generalised anxiety in primary care. T. A. Furukawa (C) 177–178
Quality of evidence in meta-analysis. J. Warner (C) 79
Twin study of symptom dimensions in psychoses. Alastair G. Cardno *et al* 39–45
- Anorexia nervosa**
Development of weight and shape concerns in the aetiology of eating disorders. Simon G. Gowers and Alison Shore 236–242
Psychological therapies. J. Morris (C) 77–78. M. F. Okhai (C) 78. L. Bell (C) 78. J. Treasure (Author's reply) (C) 78–79
- Antidepressants**
Gender differences in treatment response. A. H. Young (C) 561
Long-term potentiation and changes seen in depression. S. H. Zaman and R. Zaman (C) 559–560.
I. Reid and C. Stewart (Authors' reply) (C) 560
'New' and 'old': all equal in the eyes of the lore? Gordon Parker (Editorial) 95–96
Treatment of depression in real-world settings. J. Mendlewicz (ed.) (suppl. 42) s1–s22
Antidepressant selection and economic outcome. William H. Crown s18–s22
Criteria for antidepressant selection. Julien Mendlewicz s1–s3
Efficacy *v.* effectiveness. John Donoghue and Timothy R. Hyland s9–s17
Importance of long-term treatment. Robert M. A. Hirschfeld s4–s8
see also Selective serotonin reuptake inhibitors
- Antipsychotics**
An alternative to interruption of treatment in clozapine-induced neutropenia. P. Conus *et al* (C) 180
Association of autonomic dysfunction and clozapine. Heart rate variability and risk for sudden death with long-term psychotropic medication. Hagit Cohen *et al* 167–171
D₂ dopamine receptor blockade in patients with schizophrenia. X. Xiberas *et al* 503–508

- Effects of long-term treatment on serum leptin levels. Andrés Herrán *et al* 59–62
- And leptin. T. Baptista and S. Beaulieu (C) 560–561
- Pharmacotherapy for neuroleptic-induced akathisia. Michael Poyurovsky and Abraham Weizman (Editorial) 4–8
- Systematic meta-review of depot drugs for schizophrenia. Clive E. Adams *et al* (Review article) 290–299
- Systematic review of patient and nurse attitudes to depot medication. Jessica Walburn *et al* (Review article) 300–307
- And venous thrombosis. René Thomassen *et al* 63–66
- Anxiety disorders**
- Becoming depressed or anxious in late life. Edwin de Beurs *et al* 426–431
- The case for cothymia: mixed anxiety and depression as a single diagnosis. Peter Tyrer (Editorial) 191–193
- Genetic moderation of environmental risk for depression and anxiety in adolescent girls. Judy Silberg *et al* 116–121
- Prognosis of depression and generalised anxiety in primary care. T. A. Furukawa (C) 177–178
- The role of the GABA_A-benzodiazepine receptor in psychiatric disorder. David J. Nutt and Andrea L. Malizia (Review article) 390–396
- Venlafaxine extended release in generalised anxiety disorder. Christer Allgulander *et al* 15–22
- see also **Panic disorder**; **Phobias**
- Art see Psychiatry in pictures**
- Asylums**
- Improper use. Henry Rollin (*One hundred years ago*) 272
- Isolating the phthisical insane. Henry Rollin (*One hundred years ago*) 467
- Attachment disorder**
- Children's responses to profound institutional privation. Michael L. Rutter *et al* on behalf of the English and Romanian Adoptees (ERA) study team 97–103
- Attention-deficit hyperactivity disorder (ADHD)**
- And conduct problems. Examining comorbidity. Anita Thapar *et al* 224–229
- Gene mapping in child psychiatry and psychology. Philip J. Asherson and Sarah Curran 122–128
- Neuropsychological analyses of impulsiveness. K. Rubia *et al* 138–143
- Autism**
- Gene mapping in child psychiatry and psychology. Philip J. Asherson and Sarah Curran 122–128
- Autonomic nervous system**
- Autonomic dysfunction and clozapine. Hagit Cohen *et al* 167–171
- Autonomic reactivity and psychopathology in middle childhood. W. Thomas Boyce *et al* and the MacArthur Assessment Battery Working Group of the MacArthur Foundation Research Network on Psychopathology and Development 144–150
- Beck Depression Inventory**
- Depressive disorders in Europe. J. L. Ayuso-Mateos *et al* 308–316
- Behavioural phenotypes**
- Hyperphagic short stature and Prader-Willi syndrome. Jane Gilmour *et al* 129–137
- Behavioural problems**
- Autonomic reactivity and psychopathology in middle childhood. W. Thomas Boyce *et al* and the MacArthur Assessment Battery Working Group of the MacArthur Foundation Research Network on Psychopathology and Development 144–150
- Behaviour at age 3 years and adult criminality. Jim Stevenson and Robert Goodman 197–202
- Chromosome 22q11 deletions and severe learning disability. R. G. Jones *et al* (C) 466–467
- see also **Conduct disorder**; **Oppositional defiant disorder**
- Benzodiazepines**
- The role of the GABA_A-benzodiazepine receptor in psychiatric disorder. David J. Nutt and Andrea L. Malizia (Review article) 390–396
- Bereavement**
- Becoming depressed or anxious in late life. Edwin de Beurs *et al* 426–431
- PTSD and stillbirth. K. F. Lovett (C) 367. J. D. Sheehan (C) 368. P. Turton (Author's reply) (C) 368
- Biological reductionism**
- Evolution, and closed minds. C. H. Cantor (C) 370–371
- Bipolar affective disorder**
- Cigarette smoking and psychotic symptoms. Aiden Corvin *et al* 35–38
- Birth weight**
- And the risk of depressive disorder in late life. Christopher Thompson *et al* 450–455
- Body dysmorphic disorder**
- Somatiform disorders: a topic for education. K. A. Phillips and D. J. Castle (C) 465–466
- Books see Literature**
- Brain**
- Antidopaminergic effects of tyrosine depletion. S. F. B. McTavish *et al* 356–360
- Chromosome 22q11 deletion and structure. S. Eliez and C. M. Blasey (C) 270
- Chromosome 22q11 deletion and tissue composition. T. van Amelsvoort *et al* (C) 559
- D₂ dopamine receptor blockade with antipsychotics. X. Xiberas *et al* 503–508
- Grey matter abnormalities in OCD. Jae-Jin Kim *et al* 330–334
- Long-term potentiation and changes seen in depression. S. H. Zaman and R. Zaman (C) 559–560. I. Reid and C. Stewart (Authors' reply) (C) 560
- Neuropsychological analyses of impulsiveness in childhood hyperactivity. K. Rubia *et al* 138–143
- Role of cortisol and dehydroepiandrosterone in development and psychopathology. I. M. Goodyer *et al* 243–249
- The role of the GABA_A-benzodiazepine receptor in psychiatric disorder. David J. Nutt and Andrea L. Malizia (Review article) 390–396
- Breast-feeding**
- Use of sertraline, paroxetine and fluvoxamine by nursing women. Victoria Hendrick *et al* 163–166
- Britain**
- Prevalence of OCD in the nationwide survey of child mental health. Isobel Heyman *et al* 324–329
- Substance dependence and psychiatric comorbidity. Michael Farrell *et al* 432–437
- see also **England**; **Scotland**; **Wales**
- Broach Schizophrenia**
- Chosen by Robert Howard (*Psychiatry in pictures*) A14
- Bulimia nervosa**
- Development of weight and shape concerns in the aetiology of eating disorders. Simon G. Gowers and Alison Shore 236–242
- Cannabis**
- Comparative use data. M. D. Abraham *et al* (C) 175–176. R. MacCoun and P. Reuter (Authors' reply) (C) 176–177

- Pragmatic approach to the dangers of use. A. R. MacQueen (C) 270–271
- Regimes – a response. R. MacCoun and P. Reuter (C) 369–370
- Cardiovascular disease**
- Association of autonomic dysfunction and clozapine. Heart rate variability and risk with long-term psychotropic medication. Hagit Cohen *et al* 167–171
- Cause-specific mortality in psychiatric patients after deinstitutionalisation. Vidje Hansen *et al* 438–443
- Mental disorders and cause-specific mortality. Matti Joukamaa *et al* 498–502
- Carers' and Users' Expectations of Services – User version (CUES-U)**
- Instrument to measure the experience of users of mental health services. Paul Lelliott *et al* 67–72
- Case definition**
- And culture: are people all the same? Andrew T. A. Cheng (*Editorial*) 1–3
- Incidence of dementia according to DSM-III-R and ICD-10. Steffi G. Riedel-Heller *et al* 255–260
- Prevalence of dementia according to DSM-III-R and ICD-10. Steffi G. Riedel-Heller *et al* 250–254
- Catechol-O-methyltransferase genotype**
- Aggressive behaviour in schizophrenia is associated. G. Jones *et al* 351–355
- Childbirth**
- PTSD and stillbirth. K. F. Lovett (C) 367. J. D. Sheehan (C) 368. P. Turton (*Author's reply*) (C) 368
- Childhood**
- Cycle of sexual abuse: victim-to-victimiser. M. Glasser *et al* (*Review article*) 482–494. Invited commentaries. Mary Cannon; Susan Bailey 495–497
- Mental illness and consent to admission and treatment. Tamsin Ford and Antony Kessel (*Editorial*) 384–386
- Need for paediatric-psychiatric liaison. E. Garralda (C) 369
- Prevalence of OCD in the British nationwide survey. Isobel Heyman *et al* 324–329
- Sexual abuse and the development of psychiatric and substance use disorders. Cynthia M. Bulik *et al* 444–449
- see also **Developmental psychopathology**
- China**
- Who is politicising psychiatry in China? S. Lee (C) 178–179
- Christmas Cats**
- Chosen by Robert Howard (*Psychiatry in pictures*) A22
- Chromosome 22q11 deletions**
- And brain structure. S. Eliez and C. M. Blasey (C) 270
- And brain tissue composition. T. van Amelsvoort *et al* (C) 559
- And severe learning disability. R. G. Jones *et al* (C) 466–467
- Velo-cardio-facial syndrome: a model for understanding the genetics and pathogenesis of schizophrenia. K. C. Murphy and M. J. Owen (*Review article*) 397–402
- Clinical Interview Schedule – Revised**
- Substance dependence and psychiatric comorbidity. Michael Farrell *et al* 432–437
- Clinical librarians**
- Evidence-based psychiatry within multi-disciplinary clinical teams. G. Ikkos (C) 268–269
- Clozapine**
- An alternative to interruption of treatment in recurrent severe neutropenia. P. Conus *et al* (C) 180
- Association with autonomic dysfunction. Hagit Cohen *et al* 167–171
- Cognitive functioning**
- Duration of untreated psychosis in first-episode patients. Ross M. G. Norman *et al* 340–345
- Community care**
- Cause-specific mortality in psychiatric patients after deinstitutionalisation. Vidje Hansen *et al* 438–443
- For mental disorders in developing countries. B. Saravanan (C) 74–75
- Future of mental health services in Kosovo. J. Vevera and D. Pohlraich (C) 271
- Psychiatric services in developing countries. G. Ranjith and V. Duddu (C) 368–369. K. S. Jacob (*Author's reply*) (C) 369
- Psychiatric training in developing countries. S. Farooq (C) 464
- Why is care in the community perceived as a failure? Julian Leff (*Editorial*) 381–383
- Community mental health teams**
- A defence. P. Tyrer *et al* (C) 268
- Comorbidity**
- Of ADHD-related behaviours and conduct problems. Anita Thapar *et al* 224–229
- The case for cothymia: mixed anxiety and depression as a single diagnosis. Peter Tyrer (*Editorial*) 191–193
- Comorbid non-alcohol substance misuse in schizophrenia. Peter J. Duke *et al* 509–513
- Maudsley long-term follow-up of child and adolescent depression 1 & 2. Eric Fombonne *et al* 210–217, 218–223
- Nicotine, alcohol and drug dependence and psychiatric comorbidity. Michael Farrell *et al* 432–437
- Compliance**
- Dosing lapses in chronic treatment with SSRIs. Welmoed E. E. Meijer *et al* 519–522
- Composite International Diagnostic Interview**
- Adolescents' self-reported problems and adult psychopathology. Marijke B. Hofstra *et al* 203–209
- Computer-aided self-help**
- For phobia/panic. Mark Kenwright *et al* (*Preliminary report*) 456–459
- Conduct disorder**
- Child psychiatric symptoms and psychosocial impairment: relationship and prognostic significance. Andrew Pickles *et al* 230–235
- Comorbidity of ADHD-related behaviours and conduct problems. Anita Thapar *et al* 224–229
- Maudsley long-term follow-up of child and adolescent depression 1 & 2. Eric Fombonne *et al* 210–217, 218–223
- Consent**
- Childhood mental illness and consent to admission and treatment. Tamsin Ford and Antony Kessel (*Editorial*) 384–386
- Consulting rates**
- Error in Andrews *et al* (2001). G. Andrews *et al* (C) 561–562
- Shortfall in mental health service utilisation. Gavin Andrews *et al* 417–425
- Corrigenda** 181, 272, 371
- Cortisol**
- And dehydroepiandrosterone. Possible role in development and psychopathology. I. M. Goodyer *et al* 243–249
- Costs**
- Antidepressant selection and economic outcome. William H. Crown (suppl. 42) s18–s22
- Of dementia in England and Wales. Paul McNamee *et al* of the Resource Implications Study of the Medical Research Council Cognitive Function and Ageing Study 261–266
- Cothymia**
- Mixed anxiety and depression as a single diagnosis. Peter Tyrer (*Editorial*) 191–193
- Criminality**
- Behaviour at age 3 years and adult criminality. Jim Stevenson and Robert Goodman 197–202
- Maudsley long-term follow-up of child and adolescent depression, 2. Eric Fombonne *et al* 218–223

Cultures

- Case definition and culture.
Andrew T. A. Cheng (*Editorial*) 1-3
- Cross-cultural psychiatric interviews and research instruments.
K. A. L. A. Kuruppuarachchi and S. S. Williams (C) 461
- Culture-specific psychiatric illness?
D. Summerfield (C) 460.
R. Littlewood (C) 460.
A. T. A. Cheng (*Author's reply*) (C) 460-461
- Methodological rigour in cross-cultural research. K. Bhui and D. Bhugra (C) 269. J. P. Seltén (*Author's reply*) (C) 269

Dadd, Richard

- Chosen by Robert Howard (*Psychiatry in pictures*) A2

Declarations of interest

- D. Owens and A. House (C) 175.
C. Thompson (*Author's reply*) (C) 175. Editor's response.
G. Wilkinson (*Editor*) 175

Dehydroepiandrosterone (DHEA)

- And cortisol. Possible role in development and psychopathology.
I. M. Goodyer *et al* 243-249

Deinstitutionalisation

- Cause-specific mortality in psychiatric patients after deinstitutionalisation.
Vidje Hansen *et al* 438-443

Delirium

- Immunology. Caroline Broadhurst and Ken Wilson (*Editorial*) 288-289

Dementia

- Advising relatives of risk of Alzheimer's disease. B. A. Blansjaar and H. W. van Schaick (C) 73.
M. Liddell *et al* (*Authors' reply*) (C) 73-74
- Costs in England and Wales.
Paul McNamee *et al* of the Resource Implications Study of the Medical Research Council Cognitive Function and Ageing Study 261-266
- Incidence according to DSM-III-R and ICD-10. Steffi G.
Riedel-Heller *et al* 255-260
- Mental health of migrant elders.
G. Livingston *et al* 361-366
- NICE guidelines and the treatment of Alzheimer's disease. R. Stewart (C) 367
- Prevalence according to DSM-III-R and ICD-10. Steffi G.
Riedel-Heller *et al* 250-254
- Treatment for Alzheimer's disease in people with learning disabilities: NICE guidance. P. Arshad *et al* (C) 74

Denmark

- Family history, place and season of birth as risk factors for schizophrenia. Carsten Bøcker Pedersen and Preben Bo Mortensen 46-52

Depot drugs

- Systematic meta-review of depot antipsychotics for schizophrenia.
Clive E. Adams *et al* (*Review article*) 290-299
- Systematic review of patient and nurse attitudes to depot antipsychotics. Jessica Walburn *et al* (*Review article*) 300-307

Depression

Comorbidity

- The case for cothymia: mixed anxiety and depression as a single diagnosis. Peter Tyrer (*Editorial*) 191-193
- Maudsley long-term follow-up of child and adolescent depression 1 & 2. Eric Fombonne *et al* 210-217, 218-223

Diagnosis

- Child psychiatric symptoms and psychosocial impairment.
Andrew Pickles *et al* 230-235
- Recognition of symptoms in primary care. Chris Thompson *et al* 317-323

Epidemiology

- Europe: prevalence figures from the ODIN study.
J. L. Ayuso-Mateos *et al* 308-316
- Hidden psychiatric morbidity in elderly prisoners. Seena Fazel *et al* 535-539
- Mental health of migrant elders.
G. Livingston *et al* 361-366

Genetics

- Genetic moderation of environmental risk in adolescent girls. Judy Silberg *et al* 116-121

Maternal

- And children's mental health symptoms. Marilyn J. Essex *et al* 151-156
- Influence of psychiatric disorder on the controlling behaviour of mothers. Alan Stein *et al* 157-162
- Use of sertraline, paroxetine and fluvoxamine by nursing women.
Victoria Hendrick *et al* 163-166

Melancholic

- 'New' and 'old' antidepressants: all equal in the eyes of the lore?
Gordon Parker (*Editorial*) 95-96

Outcome

- Maudsley long-term follow-up of child and adolescent depression 1 & 2. Eric Fombonne *et al* 210-217, 218-223
- Mental disorders and cause-specific mortality.
Matti Joukamaa *et al* 498-502

Pathophysiology

- Long-term potentiation and changes seen. S. H. Zaman and R. Zaman (C) 559-560. I. Reid and C. Stewart (*Authors' reply*) (C) 560

Prognosis

- Child psychiatric symptoms and psychosocial impairment.
Andrew Pickles *et al* 230-235
- In primary care. T. A. Furukawa (C) 177-178

Risk factors

- Becoming depressed or anxious in late life. Edwin de Beurs *et al* 426-431
- Birth weight and risk in late life.
Christopher Thompson *et al* 450-455
- Child sexual abuse, poor parental care and adult depression.
Jonathan Hill *et al* 104-109
- Genetic moderation of environmental risk in adolescent girls. Judy Silberg *et al* 116-121
- Role of cortisol and dehydroepiandrosterone in development and psychopathology. I. M. Goodyer *et al* 243-249
- Vascular risk factors for stroke and depression. M. S. Bhatia and R. Chandra (C) 464-465

Therapy

- Long-term potentiation and changes seen. S. H. Zaman and R. Zaman (C) 559-560. I. Reid and C. Stewart (*Authors' reply*) (C) 560
- Placebo response. N. Bark (C) 79
- see also* Antidepressants

Developing countries

- Advice for authors is premature.
G. J. Faunce (C) 466
- Community care for mental disorders. B. Saravanan (C) 74-75
- Cross-cultural psychiatric interviews and research instruments.
K. A. L. A. Kuruppuarachchi and S. S. Williams (C) 461
- Mental health literacy.

PART III. BOOK REVIEWS

American Psychiatric Association.

Diagnostic and statistical manual of mental disorders (4th edn, text revision) (DSM-IV-TR) (John Cooper) 85

Bloch, Sidney, Chodoff, Paul and Green, Stephen A. (eds). Psychiatric ethics (3rd edn) (Gwen Adshead) 87–88

Bogousslavsky, Julien and Cummings, Jeffrey L. (eds). Behavior and mood disorders in focal brain lesions (R. Trimble) 375–376

Briley, M. and Nutt, D. (eds). Anxiolytics (Peter Tyrer) 472

Buckley, Peter F. and Waddington, John L. (eds). Schizophrenia and mood disorders: the new drug therapies in clinical practice (Richard Tranter) 86–87

Castle, David, McGrath, John and Kulkarni, Jayashri (eds). Women and schizophrenia (Louise Howard) 85–86

Coffey, C. Edward and Cummings, Jeffrey L. (eds). Textbook of geriatric neuropsychiatry (2nd edn) (Alistair Burns) 185

Committee on Human Sexuality. Homosexuality and the mental health professions: the impact of bias (Michael King) 563

Ellenbroek, B. A. and Cools, A. R. (eds). Atypical antipsychotics (Robert Kerwin) 277

Fernando, Suman, Ndegwa, David and Wilson, Melba. Forensic psychiatry, race and culture (Deji Oyeboode) 276–277

Gates, John J. and Arons, Bernard S. (eds). Privacy and confidentiality in mental health care (Leo Uzych) 184

Harrison, Paul J. and Roberts, Gareth W. (eds). The neuropathology of schizophrenia: progress and interpretation (Peter F. Liddle) 472–473

Hawton, Keith and van Heeringen, Kees (eds). The international handbook of suicide and attempted suicide (Andrew Sims) 376–377

Healy, David. The psychopharmacologists III (Heather Ashton) 277–278

Hodgins, S. and Müller-Isberner, R. (eds). Violence, crime and mentally disordered offenders: concepts and methods for effective treatment and prevention (Anthony Maden) 372

Hodgins, Sheilagh (ed.). Violence among the mentally ill: effective treatment and management strategies (Anthony Maden) 372

Kay, Charles and Lingiah, Tony (eds). Race, culture and ethnicity in secure psychiatric practice: working with difference (John Crichton) 376

Klin, Ami, Volkmar, Fred R. and Sparrow, Sara S. (eds). Asperger syndrome (Declan G. M. Murphy) 375

Langer, Karen G., Laatsch, Linda and Lewis, Lisa (eds). Psychotherapeutic interventions for adults with brain injury or stroke: a clinician's treatment resource (Shuli Reich) 377

Lauterbach, Edward C. (ed.). Psychiatric management in neurological disease (Jonathan Michael Bird) 278–279

Leudar, Ivan and Thomas, Philip. Voices of reason, voices of insanity: studies of verbal hallucinations (Frances Klemperer) 186

Manji, Husseini K., Bowden, Charles L. and Belmaker, Robert H. (eds). Bipolar medications: mechanisms of action (Allan Young) 185–186

Mezey, Gillian C. and King, Michael B. (eds). Male victims of sexual assault (2nd edn) (Cleo Van Velsen) 373–374

Morrall, Peter. Madness and murder (Derek Chiswick) 276

O'Brien, John, Ames, David and Burns, Alistair (eds). Dementia (2nd edn) (Sarah Cullum) 473

Raphael, Beverley and Wilson, John P. (eds). Psychological debriefing: theory, practice and evidence (Alastair Hull) 564

Richardson, John T. E. Clinical and neuropsychological aspects of closed head injury (2nd edn) (Michael Trimble) 183–184

Rowland, Nancy and Gross, Stephen (eds). Evidence-based counselling and psychological therapies: research and applications (Dick Churchill) 184–185

Sayce, Liz. From psychiatric patient to citizen: overcoming discrimination and social exclusion (Roland Littlewood) 182

Shalev, Arieh Y., Yehuda, Rachel and McFarlane, Alexander C. (eds). International handbook of human response to trauma (Derek Summerfield) 182–183

Stahl, Stephen M. Essential psychopharmacology of depression and bipolar disorder (M. Bodani) 372–373

Steiner, Meir, Yonkers, Kimberly and Eriksson, Elias (eds). Mood disorders in women (Jan Scott) 280

Warner, Richard. The environment of schizophrenia (J. L. T. Birley) 563–564

Wright, Padraig, Stern, Julian and Phelan, Michael. Core psychiatry (Allan Young) 374

Yuwiler, Arthur and Wetterberg, Lennart. Guide to psychiatric research (Roch Cantwell) 279–280

Zonana, H., Abel, G., Bradford, J., Hoge, S. K., Metzner, J., Becker, J., Bonnie, R. and Fitch, L. Dangerous sex offenders: a task force report of the American Psychiatric Association (Anne Zachary) 373
